

# GOLDEN EAGLES MOTORCYCLE CLUB

## *GEMC January News Letter*

Here's wishing everyone a very Happy Holiday Season and a very enjoyable 2013. The new GEMC officer's and Board Members would like to take this opportunity to thank everyone for their vote of confidence and we will do our best to make 2013 a very successful and FUN year for all of the membership. The new list of officers and Board Members can be found on the last page of this newsletter. Please don't forget Saturday, December 29th. It is an important date for GEMC since the renovation of the restroom facilities will begin at 9:00 AM. This is not a one day project but will be completed as quickly as possible. If you want to volunteer, please bring any tools you like working with that are appropriate for construction projects. Hope to see a lot of volunteers there. Again, have a safe and happy holidays!

The end of the year party was a huge success. The food was prepared and brought by the club's members and it was better than excellent. Participation was high including some special non-member guests that stopped by to join in the GEMC fun. Unfortunately the party offered so much socializing that no one remembered to take any photos. Oh well, these will have to do!

## CLUBHOUSE RENOVATION PROJECT FOR 2013

One of the many projects planned for 2013 is to renovate our restroom facilities. The project is beginning on December 29th at 9:00 A.M.. Volunteers are to meet at the clubhouse and bring any personal tools that you like to build and destroy with. Our initial goal is to completely gut the interiors and schedule a tile man to replace the floor in the men's and women's facilities. Upon completion of the flooring installation normal construction can begin on replacing the interior walls, shelving, storage cabinets, toilets and stalls. Please don't hesitate to make any recommendations on colors schemes and any other suggestions you want integrated into the new design. Showers are being eliminated and will provide an opportunity to add additional cabinet storage and perhaps larger sinks, mirrors, etc:. This is your club house and everyone's input is important. Hope to see a lot of volunteers on the 29th!

## Some Thought Joggers for 2013

**"You can't do anything about the length of your life, but you can do something about its width and depth. "**

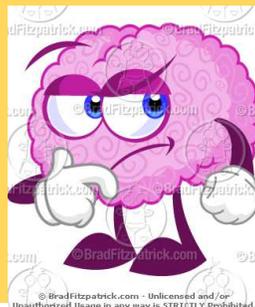

**"Each morning when I open my eyes I say to myself: I, not events, have the power to make me happy or unhappy today. I can choose which it shall be. Yesterday is dead, tomorrow hasn't arrived yet. I have just one day, today, and I'm going to be happy in it."**

**"Yesterday's the past, tomorrow's the future, but today is a gift. That's why it's called the present."**

# DREAM BIG

Your attitude, not your aptitude, will determine your altitude!

Yes, she rides a Yamaha too!

### DID YOU KNOW:

The first production bike to advertise a top speed of over 100mph was the Brough Superior. The first bike to ever top 200 mph was a supercharged 499cc NSU in 1956. It achieved 211.4 mph. The first rider to ever go over 300mph was Don Vesco in 1975, on a 1496cc Yamaha-engined streamliner.
